

September 8, 2020

Dear Nelson Wellness Center Members:

Thank you for your help to manage the risk of COVID-19 at Grand Arbor. We deeply appreciate your understanding and support as we navigate new ways of providing our services.

We are excited to announce that beginning Tuesday, September 8th, Nelson Wellness Center members will be able to enter the Bistro at Grand Arbor to purchase grab and go food and beverages.

A mask is required for all guests of the Bistro. If you are visiting, please social distance from others and exit the Bistro near the Wellness Center as soon as you've purchased your items. Access to the remainder of the building continues to be limited to residents and staff.

Should you experience symptoms such as a cough, fever, sore throat, runny nose, shortness of breath, muscle aches, headache, new loss of smell or taste, please refrain from leaving your home.

Sincerely,

Alice Schmitz
Wellness Manager
