SPIRITUAL CARE

Spiritual care is a vital part of our care. Our full-time Knute Nelson chaplains support the faith of all residents, their families and our staff. Those who seek spiritual care can receive it through bible study, Sunday service or the variety of other spiritual care on-site offerings.

The Care Center by Knute Nelson has been thriving for more than 65 years. This team provides exceptional skilled nursing care to aging adults. Our commitment to innovation and compassion for those we serve has given us a reputation that precedes it.

SHORT-TERM REHAB

Finding exceptional rehab care is easy with our interdisciplinary team of skilled nurses and physical, occupational and speech therapists.

Featuring our remodeled suites and therapy gym, we have created a caring, dignified and empowering environment in which patients help direct the course of their care.

Our therapy gym is equipped with state-of-the-art tools and equipment to help our patients regain the functional skills, strength and mobility needed to return home as soon as possible.

MEMORY CARE

Our memory care household specializes in providing compassionate care for those living with Alzheimer's or dementia. Services provided in memory care are resident driven, flexible, individualized and maximize our resident's independence, choice, privacy and dignity.

LONG-TERM CARE

Our long-term care center features two neighborhoods for residents, the Maples and the Pines. In each neighborhood, residents will find dining and activities that are centrally located. This allows us to provide an enhanced level of service to our residents.
