

## *Live with confidence*

When seconds count, an Alert System can make a vital difference. According to the New England Journal of Medicine, getting help within one hour after a fall improves survival rate by more than 90%.

- 24/7/365 monitoring service
- Over 50 years experience in remote care and safety monitoring
- Two US-based Response Centers
- Notification to emergency responders, caregivers, and/or family
- Highly trained and qualified Response Center operators

\*The CEL500 requires a satisfactory GSM cellular network connection to operate as intended. Coverage may not be available in all areas and may change after system activation due to a number of factors.

\*\*Location accuracy may vary depending on environmental conditions. Mobile-Mate is not intended to diagnose, treat, cure, mitigate, or prevent any disease or other health condition.

\*\*\*Fall detection feature may not detect 100% of falls. If able, users should always press their help button when they need help.

# Personal Alert Systems Product Guide

## The 850XL

The 850XL is our most basic personal emergency response system. The 850XL incorporates crisp, clear, two-way voice communication, and reliable connectivity that works over a traditional phone connection.

## The Vi

The Tunstall Vi is our most technologically advanced personal emergency response system. The Vi incorporates crisp, clear, two-way voice communication, and reliable connectivity that works over traditional, digital, and VoIP phone connection.\*\*\*

## The CEL

The CEL is Tunstall's cellular personal emergency response system. The number of people eliminating their landline home telephone services is ever increasing. Tunstall's CEL enables the same features and benefits offered by traditional PERS by using a cellular network\*.

## Mobile-Mate

Mobile-Mate is a mobile safety device that allows subscribers to remain active and independent, at home or on the go. Mobile-Mate operates on a cellular network and features GPS & LBS technology\*\*, and optional automatic fall detection\*\*\*.

## The iVi

The iVi intelligent pendant with fall detection works with Tunstall's Vi or CEL personal emergency response systems, replacing the standard personal activator. The iVi features a standard help button and automatic fall detection technology\*\*\*.
